Skills

- **Pharmaceutics**
- **Human Anatomy & physiology**
- **Biochemistry**
- **Pharmaceutical Analysis**

AboutMe

I am a B.Pharm student with a strong curiosity and passion for the world of pharmaceutical sciences. Currently, I am actively exploring interdisciplinary fields like forensic science, drug development, and biotechnology to understand how science and innovation come together to improve healthcare and ensure public safety. My goal is to build a solid foundation in pharmacy while gaining exposure to cutting-edge research and practical applications in these emerging areas. I'm excited to learn, grow, and contribute meaningfully to the future of healthcare and science.

Experience

Pharmacy Intern	District Headquarter Hospital	Dhenkanal, India	05/2025-06/2025
------------------------	--------------------------------------	-------------------------	------------------------

- Practiced injection techniques and administered IV saline under supervision.
- Assisted with wound dressing and basic stitching procedures.
- Gained experience assessing patients in the emergency ward.
- Dispensed medications and counseled patients on proper usage.
